

OKABE

OKABE CO., LTD. manufactures and sells processed agricultural and marine products. Our products are noted as healthy food products. Especially, seasoned small fish products contain a large amount of calcium.

We carry out all processes in-house, from product development to manufacturing.

For quality assurance, we have obtained international certifications such as FSSC22000, ISO9001 and HACCP. We have built a consistent system from manufacturing to sales in accordance with these international standards.

We can provide you with safety, reliability, healthy and delicious foods.

Healthy, Safety, Reliability, and Deliciousness

OKABE CO.,LTD. are a food manufacturer focusing on processed marine products.

What we are committed about

Product Development Research & Planning

The Planning and Development Department takes on the challenge of developing hit products by developing new products, devising package designs and naming, planning antenna stores, renewing existing products, and developing sales channels. Research the market and customer requirements, and plan and draft unique products that other companies do not have. In addition, as a method of data collection, we approach customers in various regions to capture information that is closer to the voice of the consumer.

Advanced Food Safety Management System

- FSSC22000
- ISO9001
- HACCP
- HALAL

OKABE CO.,LTD. GOSHIKIHAMA factory and SET QUEEN CO.,LTD. have acquired FSSC 22000 (Food Safety System Certification) certification, a food safety system.

In addition, the entire company is ISO 9001 certified, and through the maintenance and improvement of business processes in accordance with the quality management system, the company strives to improve product quality and customer satisfaction.

In addition, OKABE CO.,LTD. GOSHIKIHAMA factory and SET QUEEN CO.,LTD. are HACCP certified (Japan Food Certification Organization).

We utilize these systems to deliver safe, reliable, and delicious products to our customers.

THAI OKABE PROMOTION CO.,LTD, in Thailand is a HALAL certified factory.

Offensive & Defensive Think Tank Division

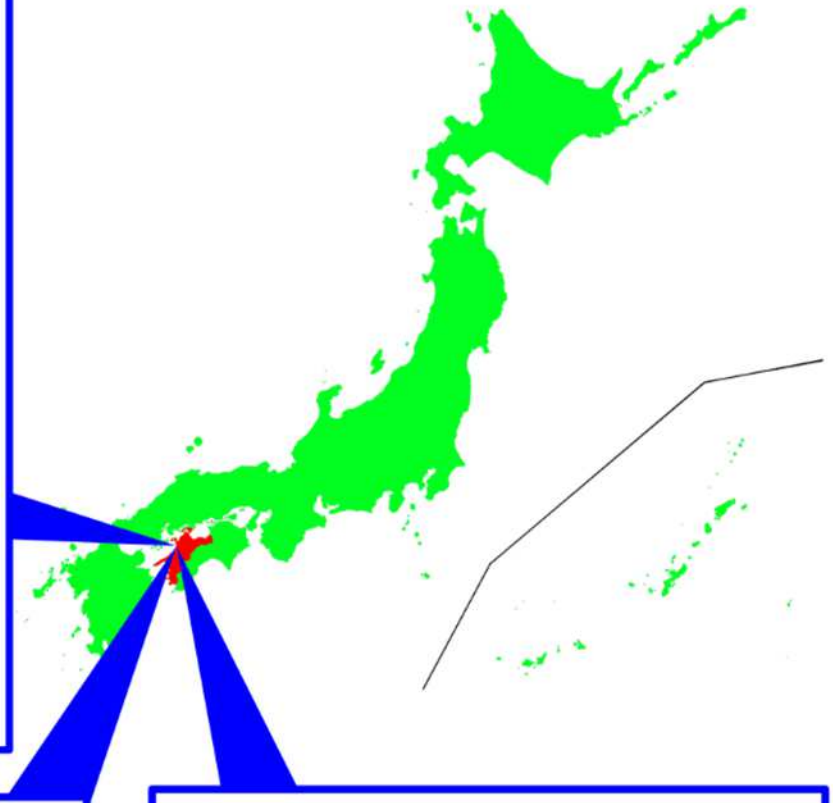

In our company, the product development and quality control departments work closely together and function as the core of the company.

OKABE CO.,LTD. HEAD OFFICE

OKABE GROUP'S head office, which houses the Sales Department, General Affairs Department, and Planning and Development Department.

We are committed to fulfilling our mission of delivering products that are "Healthy, Safety, Reliable, and delicious".

OKABE CO.,LTD. GOSHIKIHAMA FACTORY

The factory is fully equipped with advanced manufacturing facilities and is capable of meeting diverse customer needs. It manufactures processed foods centering on marine products such as seasoned dried small fish, tsukudani (food boiled in soy sauce and mirin), and hama-yaki (food seasoned with soy sauce and mirin and baked).

SETO QUEEN CO.,LTD.

SETO QUEEN CO.,LTD. provides container packaging for processed foods. We have installed a number of automatic filling machines to handle a wide variety of standardized packaging. We also perform manual packaging. We can handle detailed processing that cannot be imitated by machines, and we offer packaging that customers can enjoy for its appearance.

THAI OKABE PROMOTION CO.,LTD.

THAI OKABE PROMOTION CO.,LTD. was established in February 1992 in the Kingdom of Thailand. This company not only sought a production base outside of Japan, but also aggressively expanded its sales channels, especially in Southeast Asia.

EXPORT GODDS RANKING

Seasoned and dried seafood mix

Sardine, horse mackerel, yellowfin goby, flatfish, and shrimp. A mix of five types of seafood, seasoned sweet and spicy with soy sauce and sugar to create a crunchy texture. Rich in calcium. Please enjoy it as it is.

Seasoned and baked sardine

Open sardines are seasoned with sugar and other seasonings and grilled to a savory taste. Please enjoy it as it is. It is easy to eat and perfect as a snack.

Crab snack

Shore swimming crab (AKAISHI GANI) is seasoned and made crispy so that it can be eaten whole, using our proprietary process. Rich in calcium.

4

Seasoned and Dried Anchovy

5

Almond and Seasoned Anchovy

6

Seasoned Conger

7

Seasoned and Grilled Strings from Scallop shell

Ranking is based on our shipments from January 2023 through April 2024.

We also offer many other products. Please feel free to contact our sales representatives for details.

PROCESSED SEAFOOD
